Our classes begin at 9 a.m. every morning. The first class is mathematics. Ms Shalini, our class teacher, teaches us maths. She is a very good teacher. She never scolds anyone and never gets annoyed when students ask questions. In fact, she encourages us to ask questions. Another good thing about her is that she explains difficult concepts in an easy manner. She gives us small assignments to do at home. She also makes us play many interesting games. We like Ms Shalini a lot.
